Dear Sir

Shortly - I sent for a charter  
for a Section at Hollister - This state I  
was thrown out of my employment by the  
paper changing hands so was not there  
when the charter arrived went from there  
to San Francisco and was sick for some  
time when came here and my family  
has been sick ever since so have had no  
time to write - The charter was brought  
here by my wife and I returned it  
to day to W. S. Shelly as he is the  
only at Hollister and he is a good  
man would have returned it for  
me but did not have the money.  
If I stay here will write organize a section  
here will write to the City informing the  
State Dept. of the change

Please send me lecture to the  
place for me individually Remember  
he I mailed the charter to
