Sect. Ex. Com. S.L.P.

NYork

Dear Sir & Comrad

I was one of a committee appointed to day, at a meeting of Socialists, to ascertain how to organize a section of the S.L.P.

I see your name in the "People" as Sect of the Ex Com & thought you would be the proper one to give me information how to proceed. If I am correct will you kindly oblige by sending particulars how to proceed to get a charter of. Also such information as you may think we will need to perfect the organization.

I wrote to Comrad S Seiler of

San Francisco asking him about it
but thought it would expedite
matters to write you.

I attended many meetings in
San Francisco last winter - have
been a Socialist a long time but
never lived where I could join
a section. Therefore am not a
member of the party.

I think a good strong
section can be started here.

If there was an organizer in
the state I think a number of
sections could be established.

An early reply will oblige

Yours for the Cause
