

HEADQUARTERS

California State
Executive Committee
SOCIALIST LABOR PARTY
OF THE U. S. OF A.
115 TURK STREET,

San Francisco, Cal.,

January 13 1897

Mr. Henry Huber,

Dear Comrade:

Enclosed
please find money order for
\$10.00 for 200 stamps for
State Ex. Com.

In the Natl. Const. under miscell-
aneous regulations I find that the
Natl. Ex. Com. is to furnish financial
books at cost price to Sections. If
you have any, what price are they?

Several members of the State Ex.
think that Charters should be given
to counties only and all Sections
should be organized under one charter
in the same county. They call it the
"New Jersey plan". Is such a course

02019

pursued in New Jersey? Others
think that every place should be
given a charter as heretofore and
when there are a sufficient number
in one county a convention can be
held and county officers elected and
charter given them if necessary.

The "New Charter" of San Jose edited
by W. H. Wilkins will probably become
our official organ and removed to
this city. Wilkins is a big softy and
takes well with the country abos. He
is a good organizer and we expect
to have 100 Sections in this State
before next election (in two years) We
are going to send a wagon into
the country with speakers to hustle
up subs. The "New Charter" was the
organ of the middle of the roaders
and has a sub. list of 4000. Wilkins
is new, but will make a good man
if the right person gets control of him. He
is quite an orator and is good at
spell-binding. Yours fraternally
Edw. Hecht.
