Last night, at our business meeting, the matter of resignation of A.G. Deibert (the organizer of Lee. Oettle) came up - and his resignation from the party was accepted.

His opinion was that state Com. had been wrong in the matter of Boomer -

On motion the action of State Committee was unanimously indorsed by the Section and Deibert left without one to indorse him in his childish action. Now I will ^{we} get to work on D.T. & L.A. matter -
