

Seattle Wash. June 4 1899

Henry Kuhn

Dear Comrade

I enclose application for a charter for a new section at Pasco Wash.

Pasco is a R.R. division and has car shops located there, but you will notice most of those who sign are farmers.

I think after a while we will be able to send Comrade Dalton of Spokane there for a short visit - if so he will make a break in the R.R. ranks for he is a "red headed" worker. If we could turn him loose on the East side for 60 days he would do lots of good. I am certain that at least the two Norlings whose names are on the petition are Class-Conscious & aggressive workers but they being Swedes are short on English. Kuntzman is the man who has done the work of organizing. He has been at it for several months - even since before Election - I think them a good lot of workers - A good many "People & Vorwärts" ^{through efforts of Norlings} have gone into the neighborhood.

Fraternally T. J. Dean
