San Francisco, Cal. May 19th 1899

Henry Kuhn, Sec N.E.C.

Dear comrade.

I directed your letter to Wm. Edlin to the Stanford University, Stanford, Cal. His address when in San Francisco is No. 2 Golden Place.

Section Vallejo has expelled comrade ~~XX~~ T.F. Burns from the party for misappropriation of funds, and requests that his name be published in the party press. The State Ex. has instructed me to forward the documents in the case to you and grant the request of Section Vallejo if the proper forms have been observed.

I failed to get the proper form of application for membership in the party which you once intended to inclose in one of your letters to me: will you send me another.

I enclose a dollar bill for which please send me emblem buttons.

Section Stockton participated in the local election held there last Tuesday and polled an average of 220 votes out of a total vote of 3400. This was an increase of sixty per cent. in six months. Section Eureka writes that it intends to enter the local election to be held there shortly, and is willing to pay the expenses of a speaker during the campaign. I think we can have the services of comrade E.T. Kingsley of Section San Jose who is one of the old standbys and who has been street speaking in Stockton for the past three weeks.

fraternally yours.
