Dear Comrade

Sometime ago H. G. Wilshire informed me that Comrade Jones in the presence of H. B. Salisbury borrowed \$350<sup>00</sup> from him, and he (Wilshire) supposed for the Party. There is a long story in connection with the matter which H. B. Salisbury can give you full particulars. I had a talk with Wilshire about this money and suggested to him that it might be got through the Party, as Comrade Jones is a very active member of the Party. Wilshire agrees to give us \$100<sup>00</sup> for our Campaign fund. I suggested to give \$25<sup>00</sup> to the Nat Campaign fund \$25<sup>00</sup> to our State fund in case the money could be got. The matter not being a very pleasant one it was decided not to take any action in the matter until we had the advice of
