## **WILL CELEBRATE MAY DAY IN THE DIAMOND CITY**

---

Vancouver Island locals of the Socialist party, in conjunction with the miners' and other unions, are preparing for a fitting celebration of May Day at Nanaimo.

It is expected that John P. White, president of the United Mine Workers of America, will be one of the speakers of the day.

J. W. Wilkinson, president of the B. C. Federation of Labor; R. P. Pettipiece, J. H. McVety, E. T. Kingsley and other mainland speakers have also been invited to be present.

Victoria unionists will be asked to cancel their proposed arrangements for May Day and adjourn en masse to the Black Diamond City for International Labor Day.

The miners on Vancouver Island have just completed organization work, after a lapse of some years, and the prospects for the immediate future are somewhat brighter from Labor's viewpoint.

It is therefore in keeping with the eternal fitness of things that the Pacific Coast workers should gather at Nanaimo and get acquainted.

The women, too, will be there in force, and there is every prospect of high jinks as becomes free men and women for at least one day of the year.
